SUMMARY

Full-stack developer experienced in building responsive web applications with React, Node.js, and MongoDB. Skilled in authentication, APIs, payment integration, state management, and deployment, with a focus on clean, maintainable code.

EDUCATION

Bachelor of Computer Applications

Sarala Birla University, Ranchi • 6.43

12th (Higher Secondary)

Sree Ayyappa Public School (CBSE Board) • 63.20%

10th (Secondary)

Sree Ayyappa Public School (CBSE Board) • 69.40%

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React 19, TailwindCSS, Zustand, responsive design, reusable components, authentication flows

Backend: Node.js, Express.js, RESTful APIs, JWT, email verification, password reset, Razorpay integration, Cloudinary

Databases: MongoDB (Mongoose), CRUD & schema design, SQL problem-solving (100+ problems)

DevOps & Deployment: Vercel, Render, environment variables & config management

Other Tools: Mailtrap, Git & GitHub, MS Excel (Basic → Advanced)

PROJECT

ChatX – Realtime Chat Application

[chatx-chat-app-beta.vercel.app](#) • September 2025 – September 2025

- Developed a full-stack **MERN + Socket.io** chat app with **JWT authentication, real-time messaging, and online user status**.
- Implemented **global state management with Zustand** and **DaisyUI (32 themes)** for a customizable, responsive UI.
- Deployed production-ready backend & frontend, ensuring scalability, security, and seamless user experience.

ClosetX – Full-Stack Ecommerce App

[closetx-frontend.vercel.app](#) • August 2025 – August 2025

- Built a **full-stack marketplace** for second-hand clothes, footwear, and accessories with **user authentication and authorization**.
- Integrated **Razorpay (₹49 per listing)** for payments, **Cloudinary** for media storage, and direct seller contact via WhatsApp/email/phone.
- Developed an **admin dashboard** to manage users and listings; deployed on **Vercel (frontend)** and **Render (backend)**.

MERN Auth System – Authentication App

[github.com/rohit-err/mern-auth-app](#) • July 2025 – August 2025

- Developed a secure **authentication system** with **signup/login, JWT-protected routes, password reset, and email verification**.
- Implemented **transactional emails** (verification, recovery, welcome) using **Mailtrap**.
- Managed global state with **Zustand**, ensuring smooth auth flow across frontend and backend.

PassHUB – Password Manager

[pass-hub.netlify.app](#) • January 2025 – January 2025

- Built a **password manager** with **React + TailwindCSS**, storing credentials in **Local Storage** with persistence.
- Enabled **add, view, and delete password entries** with a responsive, mobile-friendly UI.
- Designed for **quick offline access** without external databases.

CERTIFICATIONS

Web Development Certification

Internshala Trainings • 2024

- Completed an 8-week online program covering HTML, CSS, Bootstrap, JavaScript, PHP, React, DBMS, and AI in Web Development. Gained practical skills in building web applications and recognized as a top performer.
